

Lab Sheet of FOSP

IV Semester

BE Computer

Lab Instructions

Dear Students,

Welcome to Free and Open Source Programming (FOSP) Lab. For the practical works of FOSP, you have to complete at least eight to ten lab activities throughout the course. These lab sheets will guide you to prepare for scripting, programming and submission of lab reports. Further, it helps you to understand practically about the knowledge of open source programming. You can use this lab guide as the base reference during your lab.

You have to submit lab report of previous lab into corresponding next lab during when your instructor shall take necessary viva for your each lab works. Your lab report to be submitted should include at least the following topics.

1. Cover Page
2. Title
3. Objective(s)
4. Problem Analysis
5. Coding
6. Output
7. Discussion & Conclusion

On each lab, you have to submit the report as mentioned above however for additional lab exercise; you have to show the coding and output to your instructor.
